DAVID CHEN
Senior Frontend Engineer (Expanding to Full Stack) | Remote / Pune, India | david.chen.web@example.com
GitHub: github.com/davidchen-frontend | LinkedIn: linkedin.com/in/davidchen-fictional

PROFESSIONAL SUMMARY
Frontend-specialized Software Engineer with 5 years of extensive experience delivering enterprise React and TypeScript applications. Recently expanded backend skills into Python and Node.js REST services. Strong UI/UX architecture and web performance tuning expertise.

SKILLS MATRIX
- Frontend (Expert): React, TypeScript, Next.js, Redux Toolkit, Tailwind CSS, Webpack, Vite, Jest
- Backend (Intermediate): Python (Basic scripts & Flask/FastAPI prototypes), Node.js, Express
- Databases: PostgreSQL (Basics), MongoDB
- Tools & Cloud: Git, Docker (Basic usage), AWS S3, Vercel, Netlify

EXPERIENCE
Lead Frontend Developer | Omnichannel Labs (Pune, India)
February 2022 ? Present (2.8 years)
- Spearheaded frontend architecture of SaaS workflow builder using React and TypeScript.
- Implemented state management using Redux Toolkit and optimized rendering bottlenecks.
- Collaborated with backend Python team on REST API contracts, Swagger specs, and error handling.
- Built automated UI component test suites achieving 80% coverage with Jest.

Frontend Developer | PixelCraft Interactive (Pune, India)
August 2019 ? January 2022 (2.5 years)
- Developed responsive SPAs using React, JavaScript (ES6+), and CSS preprocessors.
- Integrated REST APIs and handled client-side caching and form validation.
- Participated in weekly code reviews and sprint planning meetings.

BACKEND TRANSITION PROJECTS
- Task Manager API: Built a Python FastAPI backend with SQLite and JWT auth to complement a React frontend.
- Simple Docker deployment: Packaged frontend and backend services into Docker containers.

EDUCATION
Bachelor of Science in Computer Science
Pune University | Graduated: 2019
